

# EARLY YEARS FORUM

LEAP early years forums are spaces for local families and residents to come together and talk about what is needed to go from **'what's wrong'** to **'what's strong'** in the community for families.

What LEAP families have told us so far...

**'We want local activities where the whole family can go, including families with children with disabilities.'**

**'We need low to no cost local activities all year round.'**

## Community Award

We will give an update on the latest news about the local community award. This award is 'seed' money to help 'grow' your ideas for creating safer and healthier spaces for families.
