Our mission is to inspire people and deliver positive sustainable change in places of need across the North East and Cumbria. We're passionate about creating a future where every neighbourhood is vibrant and green, every community is strong and able to shape its own destiny and no-one is held back by their background or circumstances.

We work across the North East and Cumbria helping communities find practical sustainable solutions to the challenges they face. We provide training and create jobs, reduce energy and waste, reconnect people with nature and transform whole neighbourhoods. We are passionate about changing places and lives for the better. With over 200 staff across the region, and over 30 years' experience, we are always keen to hear from people with the drive and determination to make a difference and have lots of ways you can get involved. Many of our senior managers and executive team began their careers as volunteers or entry level project staff.
