Who are we?

Our vision at Groundwork is of a society of sustainable communities which are vibrant, healthy and safe, which respect the local and global environment, and where individuals and enterprise prosper.

Our mission is to inspire people and deliver positive sustainable change in places of need across the North East and Cumbria. We're passionate about creating a future where every neighbourhood is vibrant and green, every community is strong and able to shape its own destiny and no-one is held back by their background or circumstances.

We work across the North East and Cumbria helping communities find practical sustainable solutions to the challenges they face. We provide training and create jobs, reduce energy and waste, reconnect people with nature and transform whole neighbourhoods. We are passionate about changing places and lives for the better. With over 200 staff across the region, and over 30 years' experience, we are always keen to hear from people with the drive and determination to make a difference and have lots of ways you can get involved. Many of our senior managers and executive team began their careers as volunteers or entry level project staff. By providing a range of training and continuous professional development opportunities at the local, regional and national level we are able to recruit and retain the very best.

Each year Groundwork makes an incredible difference to communities across the North East and Cumbria. We work on hundreds of individual projects each year, supporting disadvantaged communities but what's most important is how we change people's lives. Our local programmes and services are tailored to the needs of partners and communities in each locality. When all that local activity is added together, it becomes a major force for regional change.

We want you to be yourself at Groundwork and value everything that makes you unique. We recognise and celebrate people's differences and together we make Groundwork a great place to work. Groundwork are committed to safeguarding and protecting the welfare of children, young people and vulnerable adults, and expect all staff and volunteers to share this commitment.

What are we looking for?

Groundwork is an organisation where everyone works together, works hard and takes collective responsibility - striving to make a difference to our local communities. As part of our *Step Forward Tees Valley/Youth, Employment & Skills team* your role in supporting growth and sustainability of our business is key.

You will work with other Navigators and local delivery teams across a range of specialisms, including communities, education, health or well-being; and energy, waste reduction, environmental enhancement or landscape improvement.

- » Work in partnership and carry out joint key working, in order to achieve improved outcomes for participants
- » Provide information, advice and guidance, and support participants with job search, CV writing, job applications and mock interviews
- » Work with participants to address barriers towards engagement, referring to specialist partners where required
- » Promote volunteering opportunities through partners, as a stepping stone to training and employment
- » Identify appropriate employment and training opportunities for designated participants
- » Promote participants to employers, and assist in the placement of participants into jobs
