

ST JOHNS GARDEN LANDSCAPE IMPROVEMENTS

We are pleased to inform you that works to improve the garden are due to start 28.06.23 and will run for approx 3 weeks.

If you have any questions about the works, please contact Groundwork London:

Harj Nijjar
Community Programme Manager
Groundwork London
Tel: 07999 402188
Email: harjinder.nijjar@groundwork.org.uk

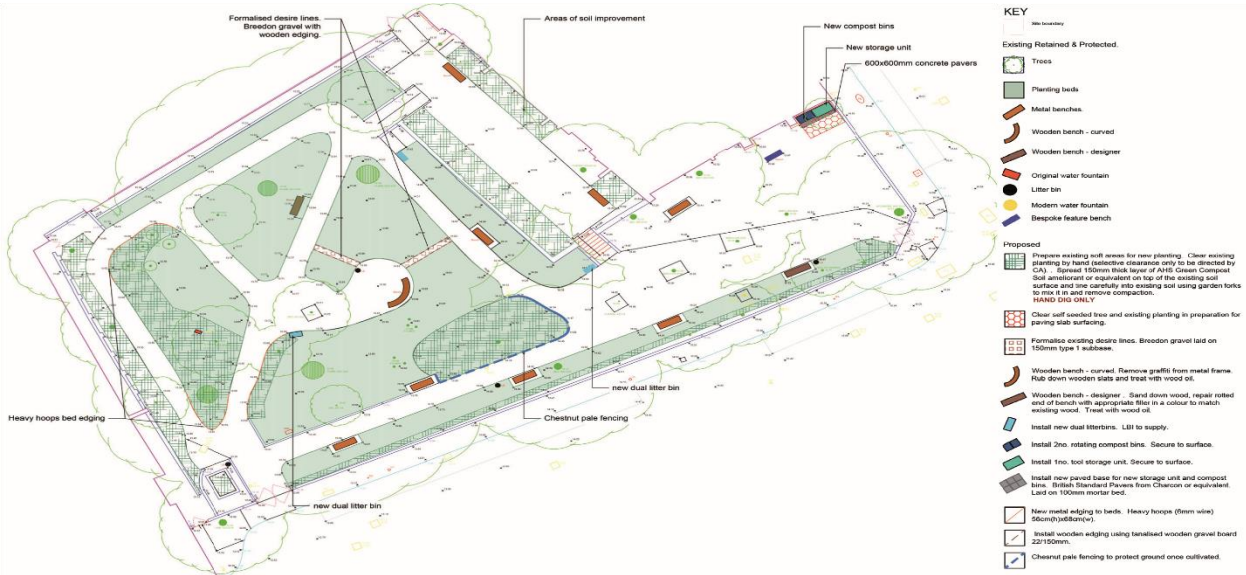

Bjorn Alcantara
Project Manager, Capital Delivery
London Borough of Islington
Email: parksprojects@islington.gov.uk

Shane Keneally
Ginkgo Gardens Landscapes
Tel: 020 7498 2021
Email: shane.kenneally@ginkgogardens.co.uk

The works being carried out are a series of quick wins within a larger programme of improvement works proposed for the park. The quick wins will involve some minor clearance work, the improvement of the planting beds including digging in of compost and the application of bark mulch. The refurbishment of the wooden benches, formalisation of desire lines created through the beds, bed edging and new compost bins.

Designs for the remaining works will be formalised over the summer. The proposals will be developed by Groundwork London, London Borough of Islington, Friends of St John’s Garden and the Central District Alliance BID. The project is being funded by Islington Council and the Central District Alliance BID.

If you would like to provide input to the design, please contact: <https://www.groundwork.org.uk/landscape-services/st-johns-garden-is-getting-a-facelift/> / or scan the QR code.
