

Groundwork South

2025-2026 Impact

This year, we reached over **25,000 people** directly through our projects, with more than **43,000 individuals** supported to take **positive environmental action**.

We worked alongside over **4,600 organisations** and delivered improvements to more than **1.4 million square metres** of land, helping to create better, more accessible and biodiverse spaces for communities.

Alongside this, over **59,000 volunteer hours** were contributed, representing more than **£850,000 in social value**, and we helped distribute over **£6.6 million in funding** to support communities and local projects.
